Kaweah Health employees are united by a single purpose—to meet the health care needs of our communities. And while the pursuit of healthiness is ongoing, we've chosen National Hospital Week as a time to honor our world-class **Service Excellence Award** recipients.

These individuals have been recognized by their peers for professionalism, dedication, and commitment to excellence. Some of them care for patients, some provide support services — all of them are deserving of our respect and admiration.

We also want to thank the thousands of unsung heroes who are working quietly behind the scenes,

doing the work so necessary to fulfilling our mission. Whether it's food preparation, laundry, maintenance, housekeeping, tech services, volunteer services, foundation, administration, patient care, or one of the many support services, we at Kaweah Health believe that each of us plays a vital role in helping to save lives and keeping our communities healthy.

Care

is what they do.

Saying
thank you,
is what
we do.

I Care.

We say it as a show of affection — but at this very moment, somewhere, there's a nurse giving new meaning to those words. And to the patient receiving that care, it's making all the difference in the world.

It takes a special person to be a nurse. Everything they do is to ease someone's discomfort, help them heal, or quiet their fears. It takes smarts, discipline, compassion, stamina, and a mental toughness to deal with situations that the average person would be thankful to avoid.

Most of us simply could not do it. If you meet a nurse this week — offer them a heart-felt thanks. You can be sure they've earned it.

National Nurses Week 2024 is May 6 - May 12.

Kaweah Health would like to thank all nurses serving in our community. Every day, they go the extra mile to meet the needs of our community. Join us in honoring them during this very special week.

More moments like these.

CANCER. Nobody likes to talk about it, but when it touches you or someone you love, it's all you can think about.

The staff at Sequoia Regional Cancer Center are literal life-savers, but they need you to do your part. Early detection and prevention are key to beating cancer. If you smoke, quit. If you don't get yearly checkups, start now. We want you to enjoy more moments like these.
